November 2024

Greetings, Ladies!

We did it!

WATCH: Trump documentary <https://x.com/elonmusk/status/1852539548158362094>

We got the message out and mobilized our voters! We dared to stand up against the odds—against faulty polls, mainstream media, the Squad, Hollywood stars, illegal immigration, the inclusion of boys in girls' sports and bathrooms, the woke mob, and critical race theory. Instead, we stood up for what has made America great and what will make America great again: our belief in the U.S. Constitution and Bill of Rights, the free enterprise system, limited government, budgetary restraint, individual liberty, a robust national defense, and faith in God as recognized by our Founding Fathers. We stood firm, we stood proud, and we won!

It certainly benefited us to have a strong and tireless America-first candidate in the former President, whose love for the country and belief in American exceptionalism is unmatched. Genuine work and continued success have begun for us and our President-Elect, Donald J. Trump!

I hope you feel as energized as I do about capitalizing on the national mandate reflected in our winning the popular vote, in addition to the Electoral College. We need to maintain our momentum by inviting friends to join our club, participating in CRWC Committee and Board positions, being active in club fundraising, and reaching out to local City Council members and legislators to enact laws that support the MAGA values shared by many of our fellow citizens. We have been silent for too long—now is the time to stand tall and make our voices heard!

Speaking of standing tall, this month's speaker is Mohammad Saber Nasser, the Afghanistan Country Advisor for Airline Ambassadors International and a Subject-Matter Expert on Afghanistan.

Dubbed “Saber Rock” by American troops with whom he served, Saber put his life and those of his family on the line to try to establish a peaceful relationship between the Afghan community and American forces for which he endured torture at the hands of the Taliban.
